JOHN MADSON FELLOWSHIP AWARD

It's time to apply for the John Madson Fellowship, an annual grant program that funds continuing education opportunities for OWAA members and non-members.

The fellowship award has been expanded beyond its original scope. Successful recipients can attend OWAA's annual conference, local college courses or professional seminars – virtually any opportunity to enhance their communication skills.

The fellowship is funded through the John Madson Fellowship Fund, an endowment comprised primarily of OWAA member contributions and fundraising efforts. Its goal is to enhance professional communication skills for OWAA members and non-members. Funds are invested and managed by OWAA Endowment trustees.

These awards shall be used to reimburse tuition/registration and room and board costs, as well as qualifying travel or miscellaneous expenses.

This is a competitive awards process. To apply, please complete the fellowship application form, including a cover letter explaining your need and proposal for continuing education, an itemized budget of miscellaneous expenses and samples of your work (published article or photos, tape of broadcast program, etc.). Send completed applications via mail or email to OWAA headquarters postmarked no later than March 1, 2018.

By the end of May 2018, the judging committee will select and announce recipients, and confirm funding amounts. After attending the OWAA annual conference or other educational course, fellowship recipients will submit receipts for reimbursement. Miscellaneous expenses must be itemized. A check will be mailed immediately from OWAA headquarters.
